Considerations

- a) Completion deadline is July 19, 2019. If work is not completed by the deadline, a lateness penalty of \$100 per day may be applied, or the Municipality may cancel the contract entirely.
- b) The Municipal-owned gravel pit located at SW 7-18-17 WPM is not available for mining new gravel.
- c) Contractors should consider the private pits located at SE 7-18-17 WPM and N-1/2 33-18-18 WPM in determining cost per cubic yard. Municipal road maps with previous years' gravel application information are available on request.
- d) Amount of gravel to be applied on specific municipal roads will be at council's discretion after contract is awarded.
