Considerations

- a) Completion deadline is July 19 each year of the program. If work is not completed by the deadline, a lateness penalty of \$100 per day may be applied, or the Municipality may cancel the contract entirely.
- b) The Municipal-owned gravel pit located at SW 7-18-17 WPM is not available for mining new gravel.
- c) Contractors may consider the private pits located at SE 7-18-17 WPM and N-1/2 33-18-18 WPM, or others, in determining cost per cubic yard. It is the contractor's responsibility to negotiate agreements and fees pertaining to gravel extraction with owners of private gravel pits.
